

**MoistureShield™**

**THE GREAT  
OUTDOORS  
NOW EVEN GREATER**

# ESCAPE THE EVERYDAY

MoistureShield® decking products not only shield against moisture and the elements. They protect your outdoor living space from much more. **They defend against the ordinary.**

Our exceptional decks are extraordinarily different. Built to be tough yet beautiful, they inspire care-free living while making a statement. That's because innovation drives all that we do. Our forward-looking approach delivers a durable deck that outperforms and outclasses your run-of-the-mill composite, maintenance-heavy wood or plastic-like PVC decks. Due to technological advances like our total encapsulation process, MoistureShield® is the only decking product that can be installed on or in the ground or even underwater. This innovative vision is why in our long history, we've never had a field failure. And it's why we proudly stand behind the best warranty in the industry.

# OUR PRODUCTS

- » **Proven Performance** – leader in the industry, no field failures
- » **Protection to the Core** – the only decking product that can be installed on or in the ground or underwater without voiding the warranty
- » **Innovation** – stain, fade, scratch, mold and mildew resistant
- » **Variety of Colors** – mix and match to create a unique outdoor living space
- » **Limited Lifetime Warranty** – straightforward, industry-leading warranty against rot, decay and termite damage
- » **Earth-Friendly** – made from 95% recycled content
- » **Easy** – easy to clean and easy to install with ungrooved or grooved for hidden fastener options
- » **Beautiful** – natural wood-grain texture on both sides, so use either during installation

# Vantage Collection™

Our Vantage Collection™ offers a wide selection of benefits including performance, affordability and eco-friendly construction. The deck boards are wider for enhanced stiffness, durability and flexibility, and backed by our limited lifetime warranty.

- » **Limited lifetime warranty**
- » **1" x 6" - 12', 16', 20'**
- » **Standard Colors: Cape Cod Gray, Earthtone, Rustic Cedar and Seasoned Mahogany**
- » **Premium Colors: Desert Sand, TigerWood and Walnut**

# Vantage Collection™

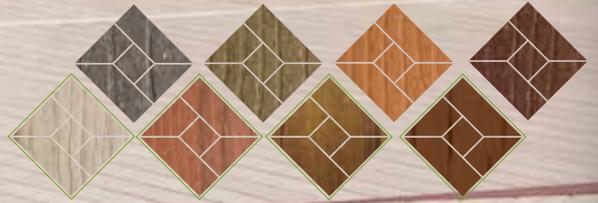

Envision yourself in a superior outdoor living space with our Vantage Collection.

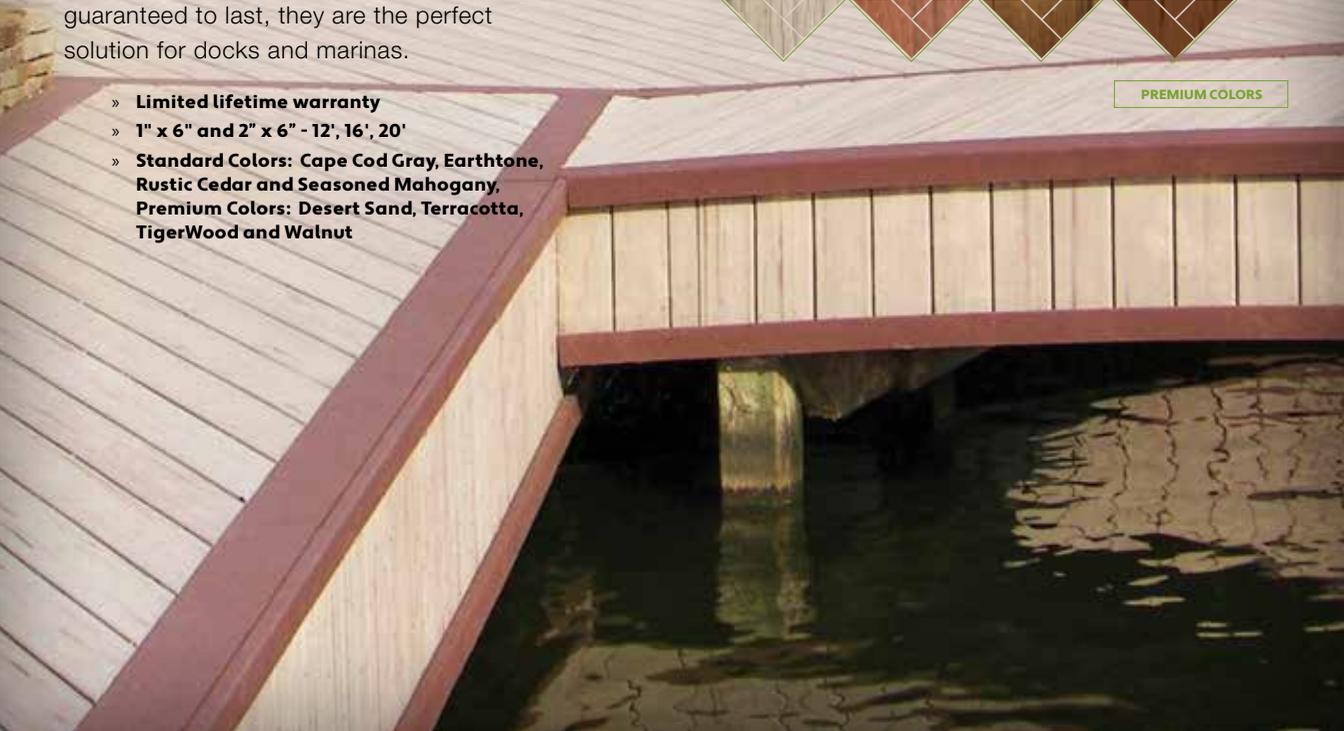

## Docks & Marinas

Building on or in the water? Because our products are protected to the core and guaranteed to last, they are the perfect solution for docks and marinas.

Length: 6 feet

### Post Collar

Actual Dimensions: 5.5" x 5.5"

### Post Cap

Actual Dimensions: 5.5" x 5.5"

**MoistureShield™**

## **Our Commitment to the Environment**

MoistureShield's parent company, Advanced Environmental Recycling Technologies, Inc. (A.E.R.T.), is a leading plastics recycler and manufacturer of green composite building products. Our state-of-the-art 70,000 square-foot plastic recycling facility washes, cleans and separates polyethylene food packaging and wrapping films for the raw materials in our decking products. Even the building itself is designed with LEED certification, with no stormwater discharged from the site and no potable water used in the manufacturing process. The energy efficient design includes a habitat for protected species and low emissions. It's why the U.S. Environmental Protection Agency awarded us with the EPA Region 6 "Partnership for Environmental Excellence" Award.

## **Our Commitment to You**

Professional builders have come to rely on the value and consistency for which A.E.R.T. products are known. For more than 25 years, we've offered beautiful and long-lasting decking products that resist swelling, rot and termites. During that time, our products have never had a field failure – a benefit that sets us apart from other composite decking brands.
