

# Lunawood Thermally Modified White Ash Decking

Lunawood's Thermally Modified White Ash Decking offers a perfect union of natural hardwood beauty and high performance. Designed in Finland and produced in Georgia, USA, it delivers exceptional quality and sustainability for landscaping and architecture.

Lunawood's Thermo-Ash decking is treated only with heat and steam—completely free from chemicals or toxins. Responsibly sourced from renewable forests in the USA, it's a safe, eco-conscious choice for both public and private buildings. With its rich brown tone and vivid grain, the Lunawood's Ash decking brings warmth and refined natural character to any outdoor space where both performance and aesthetic excellence matter.

Why choose Lunawood White Ash decking?

- **100% chemical-free** – safe for people and the environment
- **Outstanding durability and dimensional stability**
- **Naturally rich tone** – develops a beautiful silver-grey patina over time
- **Sustainably sourced from renewable forests in the USA**
- **Comfortable underfoot** – smooth surface that stays pleasant even in sunlight and heat

# Effortless Installation with Konekto N Decking Connector

Achieve a clean, screw-free deck surface with the Konekto™ N hidden fastening system. Suitable for Lunawood Thermo-Ash decking profiles with an installation groove, Konekto N ensures consistent spacing, fast installation, and long-lasting performance. Whether for residential or commercial use, this smart system delivers a sleek, professional finish. The innovative clip design also allows for easy removal and replacement of individual decking boards without dismantling the entire structure.
